

RICHMOND GLOBE

Product Features

The Richmond Globe has a cast aluminium frame with clear polycarbonate glazing. The Richmond has a central decorative frieze with gold painted embellishments where the frames cross. With its unique spinning and finial combination the Richmond offers an alternative to the traditional classic globes.

Features

The Richmond is supplied in Black as standard but is available in a range of colours, which may be subject to quantity. The lantern is spigot mounted as standard designed to fit a 76mm column spigot. The rosettes detail is painted in gold.

Control Gear

All gear is class I wired can be accommodated integrally within the lantern. The Sugg refractor can be fitted maximising the lighting performance. Larger wattages can be accommodated but the gear must be remote from the fitting. Single and two part electronic photocells are available as standard and should be factory fitted to maintain IP integrity.

Options

Mounting Options
